

# **Newsletter** Office of Sponsored Programs (OSP)

March 2007

MSC – Office B-622

(787) 758-2380

Information provided by the UPR Central Administration from their Grants Resources Center subscription and disseminated by the OSP's Division of Sponsored Programs Development (DSPD), Ext. 1749

## **Grants Resource Center's Bulletin for External Funding: March 2, 2007**

TITLE: CDC Grants for Public Health Research Dissertation (R36)

FON: PAR-07-231

AGENCY:

U.S. Department of Health and Human Services (HHS); Centers for Disease Control and Prevention (CDC); Office of Public Health Research (OPHR)

ITEM: Notice seeking applications for public health dissertation research.

ACTION:

Applications are due by April 10 and August 10 annually. Letters of intent are due 30 days before the deadline. Colleges and universities are eligible to apply.

TITLE:

Applied Research in Antimicrobial Resistance: Studies of Susceptibility Testing on Gram-negative Multidrug Resistant Organisms

FON:RFA-CI-07-003

AGENCY: U.S. Department of Health and Human Services (HHS); Centers for Disease Control and Prevention (CDC)

ITEM:

Notice seeking applications for health care provider behavioral surveys to determine outcomes of patients infected with multidrug-resistant Gram-negative pathogens in hospitals, intensive care units, primary care clinics, and other settings.

ACTION:

Applications are due by April 27, 2007. Approximately \$1 million is available to support three awards. Colleges and universities are eligible to apply.

**TITLE:**

Department of Defense (DOD) Neurofibromatosis Research Program (NFRP) Investigator Initiated Research Award

**FON:** W81XWH-07-NFRP-IIRA

**AGENCY:**

U.S. Department of Defense (DoD); Department of the Army; U.S. Army Medical Research and Materiel Command (USAMRMC); Office of the Congressionally Directed Medical Research Programs (CDMRP)

**ITEM:**

Notice seeking applications for basic and clinically oriented research that will provide insight into the development of neurofibromatosis and related diseases; result in substantial improvements over today's approach to the diagnosis and treatment of neurofibromatosis and/or Schwannomatosis; and enhance the quality of life for persons with those diseases.

**ACTION:**

Pre-applications are due by April 19, 2007. Approximately \$3 million is available to support three or four awards. Applications are due by May 15, 2007. Eligibility is unrestricted.
