Diabetes Health Disparities: Determinants, Prevention, Treatment, and Policy

November 12-13, 2007

Nashville Marriott at Vanderbilt, Nashville, TN

Abstract: This conference represents the 5th National Conference on Health Disparities sponsored by the Meharry-Vanderbilt Alliance.

The purpose is to bring together clinicians, researchers, administrators, educators, and policy makers in the field of diabetes, with a emphasis on disparities, prevention, management and policy. The ultimate purpose is to provide an action plan as a result of this meeting that will have national implications for future research, and for formulating a policy agenda at the local, state, and national level.

NIDDK has generously supplied travel awards for pre- and post-doctoral students and for young investigators. Abstracts and travel award applications are due Sept 12th, 2007. The pre-registration and hotel deadline is October 12th. On-line registration, information about abstracts, travel award applications and other program details can be viewed at the URL below.
